Re: City of Abilene's Application to DOT's FY04 Small Community
Air Service Development Program

Dear Secretary Mineta:

I support the City of Abilene's request for a Small Community Air Service Development Program (SCASDP) grant to continue improving air service at Abilene Regional Airport for the benefit of West Central Texans.

Abilene received \$85,010 from the 2002 program, the smallest grant awarded to any community. That \$85,010, combined with local funds, enabled the airport to create a formal Business Development Program which:

- Conducted an Air Service Study that defined our air service market and quantified market demand;
- Secured a second air carrier to a second Texas hub – SkyWest Airlines operating as Continental Connection to Houston Intercontinental Airport; and
- Encouraged Abilene's two airlines – American and Continental – to provide low promotional fares.

The results of these air service improvements were beneficial to Abilene and Big Country area air travelers, and we indicated our support with 46% increase in enplanements in the first six months of two-airline service. Additionally, Abilene Regional Airport has been so successful that the Office of Aviation Analysis in the U. S. Department of Transportation uses us as a best practices model for other small U. S. airports.

To enable this, your approval of Abilene FY04 grant proposal would fund a business plan that will further address service and fare deficiencies by:

- Enhancing outreach to the citizens living in the rural areas of the airport's 32-county service area, including the formation of a Regional Air Service Advisory Council and proposed new regional shuttle service to the airport.

- Formalizing a web-based Customer Knowledge Project to fully understand the air service needs and expectations of those citizens and their businesses.
- Pursuing more efficient service to our top western markets to better meet the demands of more than 50% of our passengers.
- Expanding its Promotional Fare & Air Service E-mail Notification Program to include paid advertising.
- Continuing its efforts to retain American Airlines, Continental Airlines, and SkyWest Airlines, including upgrade of aircraft from turboprops to regional jets.

As a result, I respectfully request your favorable action on Abilene Regional Airport's grant application. Should you have any questions with respect to the above, please contact me and I would personally be pleased to provide you with other information in support of this vital effort.

Sincerely,

A handwritten signature in black ink, reading "D. Keith Perry". The signature is fluid and cursive, with a long horizontal flourish extending from the end of the name.
